PROFILE

Recent graduate with a strong foundation in React and Next.js, honed through hands-on experience in personal projects. Led and executed various independent initiatives, demonstrating problem-solving skills and delivering impactful solutions. Eager to contribute adaptability and a collaborative mindset to software development projects. Keen on leveraging practical skills to drive innovation in a professional setting

PROJECTS

Udemy-Clone *(Full stack project)*

Led the development of a Udemy clone website, with fully functional / interactive and role-base auth and accessible

- Implemented robust role-based authentication for secure access.
- Utilized Next.js 14 and Tailwind CSS to achieve efficient server-side rendering and visually appealing UI.
- Integrated Prisma ORM for seamless PostgreSQL connectivity.
- Incorporated Stripe for secure payment processing, resulting in an enhanced user experience.

Notion & Dropbox - Clone *(Full stack project)*

Directed the development of interactive Notion and Dropbox clone websites, ensuring full functionality and accessibility.

- Implemented a robust authentication system for secure access.
- Leveraged Next.js 14 and Tailwind CSS to achieve efficient rendering and a visually appealing UI.
- Utilized Convex database for seamless data storage and management.
- Incorporated Edgestore.dev for efficient file uploads, enhancing user experience with reliable data handling.

Directing the development of an interactive website refined my expertise in Next.js, Tailwind CSS, and database management. Overcoming challenges strengthened my problem-solving skills, fostering significant professional growth.

SKILLS

Programming Language:

- Java
- JavaScript
- Typescript

Web Development:

- React Js
- Next Js
- Tailwindcss
- Bootstrap
- HTML5
- CSS3
- Sass

Database:

- MySQL
- PostgreSQL

Development Tools:

- Git / GitHub
- Firebase
- Convex
- Suberbase
- Prism ORM
- Jira
- stripe

EDUCATION

The Amerian College Madurai

B.sc, In Mathematics
2020-2023

The Hindu Hr.sec School Watrap

HSC In Math & Computer
2018-2020

STRENGTHS

Fast Learner & Adaptive
Collaborative Team Player
Hard-working Ethos
Analytical Thinker
